

# Dual Enrollment

## NORCO COLLEGE

Spring 2021

February 16<sup>th</sup> –  
June 11<sup>th</sup>, 2021

## Course Title & Description

### ADJ-9

*Law in American Society*  
3 units, CSU/UC

A general survey of practical law intended as an introduction to the American legal system and to acquaint the student with elements of the law that affect everyday legal relationships: criminal and juvenile justice, consumer law, family law, housing law, and individual rights and liberties. Emphasis is placed on the philosophical and political foundations of law and on civil law.

### BUS-30

*Entrepreneurship*  
3 units, CSU

An introductory course to explore, identify and evaluate business opportunities with an emphasis on starting and managing a small or existing business: investigating tools and best practices associated with identifying and creating new venture opportunities; explore ways to shape and evaluate the viability of opportunities; understanding key industry factors, market, competitive factors, and customer needs.

### EAR-20

*Child Growth &  
Development*  
3 units, CSU/UC

This introductory course examines the major physical, psychological, and cognitive/language developmental milestones for children, both typical and atypical, from conception through adolescence. There will be an emphasis on interactions between maturational processes and environmental factors. While studying developmental theory and investigative research methodologies, students will observe children, evaluate individual differences and analyze characteristics of development at various stages.

### ILA-3

*Student  
Resiliency*  
1 unit

This participatory course trains students how to attain, foster, and utilize skills that may support academic success in the face of adversity. The course includes theories resiliency, workshops on strategies for resilience and academic success, problem-solving applications, and network building.

### GUI-47

*Career  
Exp. & Life  
Planning*  
3 units,  
CSU/UC

In depth career and life planning: topics include extensive exploration of one's values, interest and abilities; life problem-solving and self-management skills; adult development theory and the changes that occur over the life span; self-assessment including identifying one's skills and matching personality with work. An intensive career investigation; decision-making, goal setting and job search strategies, as well as resume writing and interviewing skills will also be addressed. This course is designed to assist those students transition of the career change or undecided about the selection of a college major.
